DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Maurice Pirio on 11/7/05.

The application has been amended as follows:

- Claim 38 will be cancelled.
- Claim 39 will be cancelled.
- Claim 40 will be cancelled.
- Claim 42 will be cancelled.
- Claim 43 will be cancelled.
- In claim 41, line 8, after the word 'generic' and before the period '.' Insert **"events comprise excited speech"**

Allowable Subject Matter

Claims 17 – 27, 29 – 31, 33 – ^{37, 41}~~43~~_^ and 66 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art fails to teach receiving meta data corresponding to a audio/video program, the metadata comprising a plurality of probabilities, each corresponding to a portion of the program, the probabilities representing a probabilistic combination of sports-specific events and sports-generic events identified in the program and rendering, based on the metadata, portions of the program as summary of the program.

The prior art reference to Chang et al (US 5,828,809) teaches a method and apparatus for indexing information from digital video data. Chang teaches processing audio data, particularly sports-generic audio data including words like "touchdown" and "fumble" to create a summary of a program. However, Chang fails to teach creating summary of program based on sports-specific events and sports-generic events, wherein sports-specific events comprise baseball hits and sports generic events comprise excited speech.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
